### ***Workplace Readiness Training***

Learn what qualities an employer seeks in potential employees. Topics include attitude, communication, critical thinking, interpersonal and social skills, teamwork, attendance, punctuality, motivation, and more! Students will have the opportunity to build a resume and participate in a mock interview.

### ***Career Exploration***

Ever want to learn more about a specific career? Now you can! In these sessions, students may complete interest inventories and gain a deeper understanding of certain careers and their corresponding educational requirements, job outlook, pay, and more.

### ***Work – Based Learning Experience***

Are you ready to work out in the community? We have paid internships available for students who qualify. Please inquire for more information.

### ***Self-Advocacy & Mentoring Instruction***

There is more to work than the work itself! In these sessions, students will learn how to advocate for themselves, how to ride public transportation, open a bank account and budgeting to name a few!

### ***Counseling on Enrollment into College or other Training Programs***

What are your plans after graduating? Not sure? No worries! Here you will learn about different options for post-secondary opportunities in the area as well as setting up campus tours, learning about scholarships, dual enrollment, and more.
