The COVID-19 pandemic has certainly changed all of our lives and created new expectations for keeping ourselves and all citizens safe. This document outlines the procedures to be followed during our fall semester and is in compliance with the Commonwealth of Massachusetts and the Massachusetts Department of Elementary and Secondary Education guidelines. It is incumbent upon all of us to safeguard our collective health and your cooperation is critical to assuring that our journeyman electrical classes are both safe and as informative as possible during this health emergency.

UPDATED COVID-19 DESE & DPH Guidelines:

- This fall the Department of Elementary and Secondary Education (DESE), in consultation with the Department of Public Health (DPH), has mandated that all students and staff wear a mask regardless of vaccination status. Therefore, all journeyman electrical students and instructors **WILL** wear a mask.
