RE: 15 Hour 2020 Code Update Classes for MA, ME, NH, and VT
Electrical Calculations 6 Hour Professional Development Classes

The Massachusetts Board of State Examiners of Electrician of the Division of Professional Licensure of the Commonwealth (https://www.mass.gov/orgs/board-of-state-examiners-of-electricians) has approved McCann Technical School as a provider of the 15-hour electrical code update class and we have similarly been approved by the states of Maine, New Hampshire, and Vermont. We have also been approved to offer 6-hour electrical calculations professional development course.

The COVID-19 pandemic has certainly affected how all of us do business and live our lives. Accordingly, we have rearranged the code update class schedule to comply with current restrictions.

- Each class is limited to only 25 students
- Masks and social distancing of 6 feet are required
- Class to be taught in the library
- Price is reduced however food will be provided for you
