

## *Requirements beginning with the Class of 2024*

The McCann Technical School National Honor Society chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of: **Scholarship, Service, Leadership, and Character.**

### **Scholarship**

Students who have a cumulative *academic* grade point average of 3.5 (on a 4.0 scale), have a *technical* grade point average of 3.5 by the end of sophomore year; and are *enrolled in at least one honors class* beginning sophomore year meet the scholarship requirements for membership. These students are then eligible for consideration on the basis of service, leadership, and character. Students must maintain the 3.5 GPAs and continue to be enrolled in an honors level course in order to remain a member of the National Honor Society.

### **Service**

Membership in the National Honor Society requires students make voluntary contributions to the school or community. Each inducted student will be *required to complete five (5) hours of individual volunteer service to the community in the junior year* and must also participate in a group service project/fundraiser. All senior students must also participate in one individual or group service project.

### **Leadership**

For each eligible member, the school Selection Committee will review the leadership qualities of that individual. Officer positions that students hold within the school and community will be taken into consideration along with the intangibles such as resourcefulness, initiative, behavior, attitude, and dependability.

### **Character**

The National Honor Society selection procedures describe a student with good character as someone who *“Upholds principles of morality and ethics, is cooperative, demonstrates high standards of honesty and reliability, shows courtesy, concern, and respect for others, and generally maintains a good and clean lifestyle.”*

The selection committee will review students' academic records to determine who is scholastically eligible for membership. Students who are eligible scholastically will be notified and informed of the continuing requirements to be a member of the National Honor Society. McCann Technical School will notify all selected candidates and their parents in writing about selection and the induction ceremony.
